Canton 2010 Public Meeting

Canton Township, PA –

Interested residents and businesses should plan to attend the Canton 2010 public meeting on **Thursday, September 21, 2006, at 6:30 PM, at the Trinity North School Cafeteria, located at 225 Midland Drive, Washington, PA** to learn more about Canton 2010.

Canton 2010, an exciting community planning initiative, is being undertaken to develop a master plan for the area of the township near Exit 16 (Jessop Place) on Interstate 70. Canton residents and businesses are invited to participate in a community planning process that will define the future of this area of the township.

At the meeting on the 21st, the consultants will introduce Canton 2010 and give an overview of existing site conditions. They will also discuss the economic and market characteristics of the area. The public will be invited to share their views on “what the neighborhood should become,” and help identify the strengths and challenges of the study area.

For more information, visit the web at www.yourcanton.com or contact the study public participation consultants.
